

CONTENTS

| | Page |
|---|------|
| Revision of Broca Aphasia and the Syndrome of Broca's Area Infarction and its Implications in Aphasia Theory. J. P. Mohr | 1 |
| Production of Narrative and Procedural Discourse in Aphasia. H. Ulatowska, S. Macaluso-Haynes, A. J. North | 17 |
| A Study of Verbal Behavior in Recovery of Aphasic and Nonaphasic Persons. L. A. C. Golper. | 28 |
| Verbal Self-Correction Behavior of Aphasic Subjects for Single Word Tasks. R. Marshall, C. Tompkins, M. Rau, D. Phillips, L. Golper, K. Lambrecht | 39 |
| Semantic Relations in Aphasic Adults. B. Klor, D. Ratusnik | 47 |
| Sentence Verification and Language Comprehension of Aphasic Persons. R. Brookshire, L. E. Nicholas | 53 |
| Effects of Rate of Speech and Linguistic Stress on Auditory Paragraph Comprehension of Aphasic Individuals. G. Pashek, R. Brookshire (abstract) | 64 |
| Aphasic Subjects' Use of Within-Sentence Pause Time in a Sentence Comprehension Task. C. Fehst, R. Brookshire (abstract). | 66 |
| Visual Imagery in Aphasia Treatment: A New Look. P. Myers | 68 |
| Perception of Facial Affect in Aphasia. R. C. Katz | 78 |
| Oral Apraxia and Aphasic Misarticulations. C. Bowman, B. Hodson, R. Simpson | 89 |
| Efficiency of Information Exchange Between Aphasic Speakers and Communication Partners. K. Yorkston, D. Beukelman, C. Flowers | 96 |
| Conversational Turn-Taking in Wernicke Aphasia. S. Schienberg, A. Holland | 106 |
| Analysis of Breakdowns and Repairs in Aphasic Adult Communication. R. Lubinski, J. Duchan, B. Weitzner-Lin | 111 |
| Listener Reactions to Personal Characteristics of Fluent and Nonfluent Aphasic Speakers. J. Duffy, M. Boyle, L. Plattner | 117 |
| Environmental Impact of Aphasia: The Child's Perspective. S. Chwat, R. Chapey, G. Gurland, G. Pieras | 127 |

| | |
|--|-----|
| Improving Communication Competence in Global Aphasia. M. P. Towey, J. M. Pettit | 139 |
| Evaluation of Physician Understanding of Aphasia and the Role of the Speech Pathologist. L. McCauslin, C. Florance, P. Rabidoux | 147 |
| Diagnostic Baselines in Long Term Aphasia. P. Holtzapple, M. Kerley | 156 |
| Prognosis in Aphasia: Investigation of the High-Overall (HOAP) and the Short-Direct (HOAP Slope) Method to Predict Change in PICA Performance. R. T. Wertz, L. Deal, J. Deal | 164 |
| Connected Language Sampling: An Expanded Index of Aphasic Language Behavior. L. Golper, P. Thorpe, C. Tompkins, R. Marshall, M. Rau | 174 |
| The Application of Phonological Process Analysis to Adult Neuropathologies. K. P. Kearns | 187 |
| Patterns of Articulatory Behavior in Selected Motor Speech Programming Disorders. M. Collins, D. Cariski, D. Longstreth, J. Rosenbek | 196 |
| Analysis of a Battery Assessing Mild Auditory Comprehension Involvement in Aphasia. C. Tompkins, M. Rau, R. Marshall, K. Lambrecht, L. Golper, D. Phillips | 209 |
| Relationships Between Behavioral and Electrophysiological Measures of Auditory Comprehension. M. Selinger, D. Shucard, T. Prescott | 217 |
| Raven's Colored Progressive Matrices: Interpreting Results Through Analysis of Problem Type and Error Type. J. Horner, K. Nailling | 226 |
| The Usefulness of Treatment for Aphasia: A Serendipitous Study. A. Holland | 240 |
| A Critical Look At PACE Therapy. G. A. Davis | 248 |
| Supplementing the PICA: The Effects of Language Sampling on Intervention Strategies. M. Newhoff, J. Dalgaard, R. Katz | 258 |
| The Efficacy of Functional Communication Therapy for Chronic Aphasic Patients (abstract). J.L. Aten, M. Caligiuri, A. Holland | 267 |
| The Efficacy of Five Self-Generated Strategies for Facilitating Auditory Processing. M.R. McNeil, L. Kozminsky | 268 |
| A Comparison of Auditory-Verbal, Visual-Verbal, and Visual-Non- Verbal Presentation of Commands to Aphasic Adults. B. Klor | 275 |

| | |
|--|-----|
| Rehearsal as a Self-Correction Strategy for Patients with Apraxia of Speech. J. Bugbee, A. Nichols | 279 |
| An Environmental Manipulation Approach to Treating Apraxia of Speech. C. Florance, P. Rabidoux, L. McCauslin | 285 |
| The Use of a Handi Voice in the Treatment of a Severely Apractic Nonverbal Patient. P. Rabidoux, C. Florance, L. McCauslin | 294 |
| Choice of Stimulus Modes in Treating Apraxia of Speech: A Case Study. N. M. Simmons | 302 |
| Voluntary Control of Involuntary Utterances: A Treatment Approach for Severe Aphasia. N. Helm, B. Barresi | 308 |
| Visual Agnosic Misnaming: Treatment of a Right CVA Patient One Year Post Onset. J. Horner | 316 |
| A Longitudinal Case Study of Expressive Language Changes in Aphasia Resulting from Herpes Encephalitis. J. Tonkovich | 331 |

Panel Discussions

| | |
|--|-----|
| Techniques in Treating Mild or High Level Aphasic Impairment. F. Darley (Moderator), N. Helm, A. Holland, C. Linebaugh | 338 |
| Home and Family: Problems and Payoffs. M. Newhoff (Moderator), C. Florance, P. Malone, E.G. Ritter, E. Webster | 346 |

Round Table Discussions

| | |
|--|-----|
| Terminating Treatment. M. Dixon, Moderator | 352 |
| Supervising Student Research. M. Lemme, Moderator | 355 |
| How to Live in Harmony with a Neurologist. R.T. Wertz, Moderator | 357 |
| Gestures and Other Nonverbal Alternatives. R. Katz, Moderator | 361 |
| Auditory Comprehension Revisited. R. Brookshire, Moderator | 364 |
| Noninvasive Blood Flow Studies. P. Malone, Moderator | 366 |
